

Calendar Toddler 1 Room

Important days

- 8th International Women's Day.
- 17th St Patrick's Day
- 29th Good Friday (Centre will be closed)

Ideas to do at Home

What You'll Need

- 1 hard-boiled egg
- 1 fresh egg (the fresher, the better!)

Instructions

- Spin each type of egg (hard-boiled and fresh) on a table. Leave it to spin for just a few seconds, then momentarily stop it by placing your finger on top. Release your finger from the egg and observe what happens next!

What's the science here?

- The fresh egg will start to spin again when your finger is released, while the other egg will remain at a dead stop. The fresh egg has fluid and yolk inside it which gains momentum. When the egg is momentarily stopped, the yolk continues to turn inside the shell. When it is released, the viscosity of the fluid between the still spinning yolk and the shell causes the shell to spin again.

Enriching the Program

We will be enriching our program by offering extra experience focusing on literacy, music and creative movement.

Skills we will be working on:

Pre-reading Skills

- Practise and repeat words: cat and hat
- Listening to a story

Math Skills

- Counting from 1 to 5 in French
- Counting objects (toys when tidying up)

Motor Skills

- Use our legs to do various things: walking and jumping (5.1)

Self Help Skills

- Practice washing and sanitizing hands
- Practice covering nose and mouth with elbow if need to cough or sneeze.

Cognitive Skills

- Matching colours
