## June 2025

Celebrating 54 years providing childcare in Etobicoke

### *From the Desk of Admin*

Another school year ends this month, and we have seen many changes over this time. We continue to build an effective relationship with the staff and students of Eatonville Junior School and look forward to further collaborations over the next year.

As you are aware, our policy states that we require one month's written withdrawal notice. If you are withdrawing your child from Terry Tan, and are already aware of the last day, the families who are currently on our waitlist would be most appreciative of knowing that a spot has been confirmed for them, whenever that might be. Thank you in advance on their behalf if you can provide this information before the one-month time frame.

We would like to express our gratitude to those families that were able to attend "The family planting event".

### Board and Staff News

Next Board meeting will be on June 11<sup>th</sup> via ZOOM. Please notify Michelle if you would like to attend.

Terry Tan Child Centre closes at 6 pm. Please notify us as soon as possible if you anticipate that you will be late picking up your child. Also note the late fee will be imposed.

### Special Dates

15<sup>th</sup> - Happy Father's Day

20<sup>th</sup> – first day of Summer

21<sup>st</sup> National Indigenous Peoples Day

27<sup>th</sup>- Last day of School

### Summer Safety

"Summer is a time for family road trips, outdoor fun in the sun and hopefully lots of great weather.

Here are some simple reminders to prepare for safe summer days:

**Stay cool in the heat:** Keep cool and hydrated and minimize your time in the sun between 11:00 a.m. and 4:00 p.m. Drink plenty of water, find shade, visit cool buildings, slow down, bathe in cool water and wear light-coloured clothing. Never leave children or pets inside a parked vehicle. When the outside air temperature is 23°C/73°F, the temperature inside a vehicle can be extremely dangerous – more than 50°C/122°F. [More sun safety tips here](#)

**Stay safe while camping:** If strong winds, hail or a tornado is developing while you are camping in a tent or tent-trailer, move to the closest building or a hard-topped vehicle. Make every effort to get to a suitable shelter. If no shelter is available, seek refuge deep in a thick stand of trees in the lowest-lying area. Environment Canada has more [summer weather safety](#) tips.

**Avoid the bugs** – and their bite: Avoid being outdoors at dawn or dusk, when mosquitoes are most active. Keep in mind that ticks are often found along trail edges, mostly in wooded areas or tall grass. Light-coloured clothing is less attractive to mosquitoes and allows you to see ticks more easily. Registered [insect repellents](#) containing DEET can be used safely when applied as directed. Health Canada's last review of DEET products was supported by the Canadian Paediatric Society". <https://www.getprepared.gc.ca/cnt/rsrscs/sfttp/tp201407-en.aspx>
