How Does Learning Happen?

Every Child is an active and engaged learner who explores the world with body, mind, and senses". **How?** Through relationships, routines, hands on experiences, repetitions, and through play. Examples include block building, nature exploration, and open-ended, all offered play experiences. Pg.23 HDLH

Science activity: Coffee Filter Art Draw with washable markers on coffee filters and add water using droppers or a paintbrush. Watch the colors run together mixing to make new shades.

Reminders: As the weather changes, we recommend that parents provide your children with appropriate clothing for outdoor play. Please ensure these are labelled.

Enriching the Program :

We will be enriching our program by offering different experiences which include literacy, creative movement and music in 3 different languages – Spanish, English and French.
