## Song of the Month

### Five Little Bunnies

5 little bunnies hopping on the floor,  
Jake jumped away and then there were 4.  
...4 little bunnies hid behind a tree,  
Nicolas climbed up and then there were 3.  
...3 little bunnies wondered what to do?  
Diandra went to sleep and then there were 2.  
2 little bunnies went to have some fun,  
Ky'Mali hopped down a hole and then there was 1.  
1 little bunny paddling in the sea,  
I went and picked Justin up  
And brought him home with me!

### How Does Learning Happen

“Pedagogical documentation is a way of listening to children, help us learn about children during the course of their experiences and to make this learning visible to others for interpretation.”  
(HDLH p. 21)

### Mindfulness Exercise

Three Hugs, Three Big Breaths

Hug your child tight & take 3 big breaths.
