Preschool 2
November 2025 calendar

Special Dates

November 1st – Daylight Savings ends (turn clocks back one hour)
November 6th – Picture Day
November 11th – Remembrance Day
November 27th – Family Event for Preschool 2

Enriching the Program

Creative Movement – basic stretches, exercises and dancing moves with person TBD

Music – listening to music and interacting with singing and actions – Ms K coming in with her ukelele, other instruments and singing with the children twice a month

Literacy – Chantell to come in weekly to do stories and discussion

Skills we will be Working On:

Pre-reading Skills

- Repeating words, using pictures/labelling
- Learning concepts on, under, in, on, beside

Math Skills

- Counting from 1 to 10 in other languages
- Size differentiation – big and small objects

Physical Experiences

- Practice using humming sounds which helps in vibrations and muscle control (lips) – this can help with formulating words
- Practise balancing on one foot while holding a table or fence

Self Help Skills

- Practice pulling on shoes/boots, holding the table and pushing feet in
- Practice pulling a chair into the table during and after mealtimes/play activities

Science Skills

- Labelling shapes (circle, triangle, rectangle, square etc.
- Identifying objects seen in the environment eg. Car, person, dog, house

Social Skills

- Practice conversations with friends and educators using simple three-to-four-word sentences
- Encouraging conversation during dressing/washroom routines

How Does Learning Happen?

Every child has a sense of belonging when he or she is connected to others and contributes to their world. Every child develops a sense of self, health and well-being. Every child is an active and engaged learner who explores the world with body, mind and senses. *Pg 12 How Does Learning Happen?*

Exploring the outdoors, talking about the weather and what to wear, nature items, movement and why we do these things. Being mindful of others and creating relationships with people along the way.

Ideas for You to Do at Home

Let's practise "random acts of kindness". Helping our friends and family members with encouragement from moms and dads, big brothers or sisters and friends. Maybe we could hold a door, say hello to someone, help clean up a spill, feed a pet, take a turn, pass some play or food items or simply and wonderfully giving a hug if ok to do so. Kindness always goes a long way and feels good!

This helps to pay it forward and understand how to help one another along with self-esteem.

Praise them and have fun doing these things for others!
