- Identifying objects in English, Spanish and French
- Expanding our descriptive language in daily activities.
-

Math Skills

Counting and beginning to identify numbers 1 to 10

Counting from 1 to 10 in English, Spanish and French

Physical/Fine Motor Experiences

Matching movements to the rhythm of the music.

Step stones to practice balance

Cutting paper with scissors

How Does Learning Happen?

“Every Child is an active and engaged learner who explores the world with body, mind, and senses”. Pg.23 HDL

For example, exploring nature and the environment. Smelling the air, feeling the crunchy leaves and wet grass and exposing ourselves to the cooler air.

Activity to do at Home

Painting faces on leaves is a wonderful and engaging activity because it combines outdoor exploration, fine motor skill practice and imaginative play using free and natural materials.

Reminders: As the weather changes, we recommend that families please provide children with the appropriate attire for outdoor play.

Enriching the Program:

We will be enriching our program by offering different experiences which will include literacy, music and creative movement in different languages. A person named Ms K will come in to do Music and engagement and Chantell to read stories.

As the weather changes and the temperature begins to get cooler, please bring your child in with labelled warmer outdoor clothing such as a warm hat, jacket and/or sweater. Thank you.
